

RENO BEHAVIORAL
Healthcare Hospital

- Hospital opened in March of 2018
- Is the first hospital of its kind in Northern Nevada to be built from the ground up in more than 35 years
- Modern, state-of-the-art facility features 80,000 sq. ft., with 124 beds and designed to provide a quiet, peaceful, therapeutic environment
- **RBHH** is privately owned by a husband and wife who are retired Psychiatrists. Our sister hospital Desert Parkway Behavioral Healthcare Hospital in Las Vegas opened 5 years ago.

- Serving northern Nevada and eastern California
- We have a gymnasium, and Adjunct therapy which includes music and art therapy
- We provide comprehensive inpatient and outpatient programs for psychiatric and addiction treatment to patients of all ages
- **We provide free and confidential assessments 24/7**

- ***Transitions – Specialized Behavioral Health for Older Adults.***
- **Specialized treatment** for people 55 and older who may be struggling with life changing events such as retirement, divorce, grief and loss, social withdrawal, lack of independence
- ***Transitions*** is the only local program that provides treatment for co-occurring conditions of mental illness and Substance Use Disorder specifically for this age group

Common Issues for Treatment

- Anxiety, agitation, panic
- Suicidal thoughts
- Depression
- Bipolar Disorder
- Schizophrenia
- Schizoaffective Disorder
